Web – mobile Design

Graphist for doing a modern diagram (infographic) D2D I have work to Paris team

A homemade entrepreneurial project
It's a project that I present to the Ivory Coast post office company in charge of the deliveries over there in Africa.
To draw a pro sketch (infographic)- transforming an homemade sketch into a pro infographic using Adobe illustrator
It's goal is to explain them the way they can optimise their organisation...with the be-bound technology (hey are integrating in an mobile app)

Website Design for a Digital Cloud Comparison

I have created a comparison website design by using in Adobe Illustrator and Adobe photoshop.
Digital Cloud Comparison Page would have to design a comparison of each VM and its costs.

graphics and posters

to design graphics that has to educate a people.
for best practices, and design to educate people about Cyber Security

Testimonial from Upwork

Sarulatha has delivered a very good creative work : exactly what we wanted when we contacted her.
His reactivity and professionalism helped us a lot.And you can feel her Engineer skills by the way she manages the project.

Excellent designer, who did start working with little guidance to achieve very nice design and results. Honest freelancer, who is looking to support customers and looking for building a career in up work! I strongly recommend this person for design type of work. Thank you!
